# CIVIL AVIATION AUTHORITY OF NEPAL FLIGHT SAFETY STANDARDS DEPARTMENT

# SAFETY OVERSIGHT PROGRAM 2023

(ANNUAL SURVEILLANCE AND REGULATORY AUDIT PLAN)

# **Foreword**

Nepal is a contracting state to the Convention on International Civil Aviation and a member of the International Civil Aviation Organization (ICAO). CAA Nepal has an obligation to promote safe, orderly and efficient operation of Civil Aviation activities. To meet State obligations, CAA Nepal has laid down national regulations to ensure compliance with various Standards and Recommended Practices laid down by ICAO in Annexes to the convention.

The Civil Aviation Authority of Nepal is a regulatory body dealing with safety issues. CAA Nepal is also responsible for regulation of air transport services to/from/within Nepal and for enforcement of Civil Air Regulations, Airworthiness, Operations and Air safety.

In order to discharge Nepal's obligations to the Chicago Convention under articles 28, 29, 31, 32 and the relevant Standards and Recommended Practices (SARPs) under the Annexes 01 (Personnel Licensing), 06 (Operation of Aircraft), 07 (Aircraft Nationality & Registration Marks), 08 (Airworthiness of Aircraft), 16 (Environmental Protection) and 18 (Safe Transport of Dangerous Goods by Air) the aeronautical authority for Nepal the Civil Aviation Authority of Nepal (CAA Nepal) has established the Flight Safety Standard Department (FSSD). The FSSD is responsible for the safety oversight of airlines registered in Nepal as well as foreign airlines flying to Nepal. The safety oversight function of the FSSD also includes issuance, renewal and revocation of Air Operator Certificate (AOC), Continuing Airworthiness Management Organization, Maintenance Organization, Training Organization, Personnel Licenses for flight crew and Aircraft Maintenance License.

The FSSD, formerly known as Aviation Safety Department under CAA Nepal comprises of different divisions and section namely Airworthiness Inspection Division, Licensing and Examination Division, Flight Operations Division.

Er. Pradeep Adhikari Director General

# **CAA Nepal Safety Oversight Program for the Year 2023**

S/N	Name of Division
1.	Airworthiness Inspection Division
2.	Flight Operation Division
3.	Licensing and Examination Division

### The CAA Nepal Safety Oversight Program 2023 has been divided into 7 areas:

- a) Regulatory Audit (Planned Audit)
- b) Safety Assessment of Foreign Aircraft (SAFA)
- c) Spot Check
- d) Night Surveillance
- e) Ramp Inspection (Planned and unplanned)
- f) Surveillance of Foreign Approved Maintenance Organizations (AMOs) and Foreign Maintenance Training Organisations (MTOs)
- g) Special Inspection or Audit

# a) Regulatory Audit (Planned Audit)

CAA Nepal has developed a system of surveillance to ensure continuing compliance of regulation by Service Provider, as well as individual, professional competency of license/rating/certificate/approval holders. The surveillance ensures the capability of Service Provider to ascertain an Acceptable Level of Safety in Civil Aviation. Surveillance provides essential information of the state of compliance of Service Provider and individual participants, identifying any corrective action needed to bring performance up to the required level. Surveillance aims to identify and correct non-compliance behaviors and unsafe practices before they cause any accident or incident. CAA Nepal surveillance activity covers all Service Providers in Civil Aviation System.

Regulatory Audits are the part of Safety Oversight Program which will be carried out during the year with an aim to ascertain the internal control of Service provider in its activities and to ensure compliance of regulatory requirements.

Regulatory Audit shall be carried out as per the Safety Oversight Program. The assigned Inspectors will co-ordinate the Regulatory Audits. Audit reports will be disseminated by the assigned Inspectors to Service Provider. The auditors will ensure that the Corrective Action Plan (CAP) submitted by the Service Provider on the findings is acceptable and closed within the

stipulated time-period. If the findings are not closed within the stipulated time-period, Inspectors will report this case to the Director of FSSD, and recommend for enforcement action, as appropriate.

This surveillance will also include the designated/delegated organization or person.

# b) Safety Assessment of Foreign Aircraft (SAFA) Inspection

Under Article 16 of the Convention on International Civil Aviation, States are entitled to search aircraft from other States on landing and departure and to inspect the certificates and other documents. Further, paragraph 4.2.2.2 of ICAO Annex 6 (Operation of Aircraft, Part-I International Commercial Air Transport—Aeroplanes) also requires that States shall establish a program with procedures for the surveillance of operations in their territory by a foreign operator and for taking appropriate action when necessary to preserve safety.

The SAFA inspections will be carried out jointly by the Airworthiness Inspection Division and Flight Operation Division. The schedule of SAFA inspection is given in the respective section of Safety Oversight Program.

Foreign air operators may be subjected to unplanned SAFA inspection, in addition to the one identified in Safety Oversight Program, if CAA Nepal has reason to believe that the foreign air operator has degraded level of safety. Refer to Foreign Carrier Surveillance Manual for further detail.

# c) Spot Check

Apart from Regulatory Audits, CAA Nepal also carries out spot checks. Spot checks are unplanned checks and will be carried out to verify the effectivity of internal audit system of any organization and ensuring the continued compliance of CAA Nepal previous audit / surveillance findings. The spot checks shall not form part of the Safety Oversight Program. However, the details and discrepancy reported during this course will be reviewed during FSSD Monthly Meeting, Quarterly Surveillance Monitoring Meeting, Annual Surveillance Monitoring Meeting

Director of Flight Safety Standards Department shall convene meeting when desirable with the Accountable Manager of respective organization if there are any serious discrepancies observed during spot checks.

# d) Night Surveillance Checks

The purpose of Night Surveillance is to ensure that Service Provider do not follow shortcut on any procedures, deployment of necessary manpower, release of aircraft without proper defect rectification, extend MELs due to absence of CAA Nepal and Service Provider's own managerial supervision at night or any other reasons.

### e) Ramp Inspection (Planned and Unplanned)

Ramp Inspections are planned, and unplanned product inspections carried out to inspect aircraft registered in Nepal at ramp during schedule operation to verify the compliance of laid down regulation during aircraft operation. This inspection may be carried out jointly by Airworthiness Inspection Division and Flight Operations Division. The ramp inspections may be carried out at base, line stations and transit stations.

Planned ramp inspections are carried out as part of the Safety Oversight Program Regulatory Audit (Flight Operation and CAMO Audit) planned for an organization. The planned ramp check is carried out by Airworthiness Inspection Division and Flight Operations Division mainly in operator's base. Whereas, unplanned ramp inspections are carried out either jointly by Airworthiness Inspection Division and Flight Operations Division or separately by conducting surprise check of the aircrafts registered in Nepal at base and various line stations throughout the year.

# f) Surveillance of Foreign Approve Maintenance Organizations (AMOs) and Foreign Maintenance Training Organisations (MTOs)

These are planned inspection of an approved foreign maintenance and training facilities, carried out at regular intervals by the Airworthiness representatives, to ensure adherence to the laid down requirements by approved foreign organizations for continuation of approval of CAA Nepal. This surveillance will also include the designated/delegated organization or person.

# g) Special Inspection or Audit

Director General when finds it necessary, in terms of safety, may direct inspectors to carry out Special Inspection or Audit on particular area of Service Provider in order to ensure continued compliance with the requirement. These Special Inspection or Audits are initiated where there is an information on degraded level of safety, occurrence, incidents, accidents, or there is reason to believe that the operators are not complying with the requirements.

# List of Officers / Inspectors Carrying out the Safety Oversight

	AIRWORTHINESS INSPECTION DIVISION (AID)

10.	CHINA EASTERN AIRLINES	Kathmandu	November	01
11.	AIR CHINA	Kathmandu	December	01
12.	MALAYSIAN AIRLINES	Kathmandu	December	01

### Note:

- FSSD shall coordinate will Airworthiness Inspectors / Officers, Flight Operation Inspectors / Officers, Cabin Safety Inspectors, Dangerous Goods Inspector for conduct of SAFA.
- Any new international airlines starting operation in Nepal will be subject to SAFA Inspection in addition to above list.

# **Details of Surveillance Plan - 2023**

### **Continuing Airworthiness Management Organisation**

All approved organizations have been scheduled to be inspected by the CAA Nepal on regular basis to assess their performance as per the scope of their approval. The frequency, duration and depth of surveillance depend on the size of the organization and level of its operations. This document is reference document to the public and stakeholders to plan their activities accordingly. The continuing Airworthiness Management Organization audit has to be coordinated with Flight Operation Division. CAA Nepal will notify exact date of audit to an organization through a separate letter.

There are altogether four Principal Airworthiness Inspector (PAI) and two Airworthiness Officers allocated for the airworthiness audit. Each organization will be visited by their respective PAI and other Airworthiness Officers.

S.N	NAME OF THE INSPECTOR	DESIGNATION	Color Code
1.	Mr. Prabhakar Chandra Mallik	Principal Airworthiness Inspector (PAI), Chief, AWID, FSSD	
2.	Mr. Ritesh Raj Pant	Principal Airworthiness Inspector (PAI), Manager, AWID, FSSD	
3.	Mr. Bharat Raj Parajuli	Principal Airworthiness Inspector (PAI), Manager, AWID, FSSD	
4.	Mr. Bidhan Shrestha	Principal Airworthiness Inspector (PAI), Dy. Manager, AWID, FSSD	
5.	Mr. Samrat Pradhan	Dy. Manager, AWID, FSSD	
	Follow-up of 2022 open findings		
	1 <sup>st</sup> Follow-up Audit		
	2 <sup>nd</sup> Follow-up Audit (If required)		

The following points are to be considered for surveillance plan of organizations.

- a) Based on the availability of the Audit team members, the Audit team will perform the assigned safety audits. However, the Audit team members may be changed if the group member(s) is not in a position to take up the audit.
- b) Organizations are required to plan their activities in accordance with this program.
- c) The organizations are required to position the responsible post holders or responsible personnel during the CAA Nepal Audit.
- d) The group will carry out audit based on the reference checklist. However, the group may follow industry recommended practices as well.
- e) The operators are required to extend the co-operations while the CAA Nepal groups are conducting the audit.
- f) CAA Nepal may prepone or postpone the audit based on the unforeseen circumstances.
- g) The auditing team will prepare CAAN Discrepancy Form within 7 working days of the audit.
- h) Organization shall prepare Corrective Action Plan for the findings noted during audit within 1 month after receiving CAAN Discrepancy Form.
- i) The Findings are classified as Level 1 or Level 2 depending upon seriousness. Level 1 discrepancy has to be rectified immediately. Level 2 findings are to be rectified not later than three-month period, unless and until specifically accepted by the CAA Nepal.

# **CIVIL AVIATION AUTHORITY OF NEPAL**

# **Approved Maintenance Organisation Airworthiness Inspection Division**

All approved Maintenance Organizations have been scheduled to be inspected by the CAA Nepal on regular basis to assess their performance as per the scope of their approval. The frequency, duration and depth of surveillance depend on the size of the organization and level of its operations. This document is reference document to the public and stakeholders to plan their activities accordingly. CAA Nepal will notify exact date of audit to an organization through a separate letter.

There are altogether four Principal Airworthiness Inspector (PAI) and two Airworthiness Officers allocated for the airworthiness audit. Each organization will be visited by their respective PAI and other Airworthiness Officers.

S.N	NAME OF THE INSPECTOR	DESIGNATION	Color Code
1.	Mr. Prabhakar Chandra Mallik	Principal Airworthiness Inspector (PAI), Chief, AWID, FSSD	
2.	Mr. Ritesh Raj Pant	Principal Airworthiness Inspector (PAI), Manager, AWID, FSSD	
3.	Mr. Bharat Raj Parajuli	Principal Airworthiness Inspector (PAI), Dy. Manager, AWID, FSSD	
4.	Mr. Bidhan Shrestha	Principal Airworthiness Inspector (PAI), Dy. Manager, AWID, FSSD	
	Follow-up of 2021 Audit open finding	gs	
	1 <sup>st</sup> Follow-up Audit		
	2 <sup>nd</sup> Follow-up Audit (If required)		

The following points are to be considered for surveillance plan of organizations.

- a) Based on the availability of the Audit Team members, the Audit Team Member will perform the assigned safety audits. However, the Audit Team members may be changed if the group member(s) is not in a position to take up the audit.
- b) Organizations are required to plan their activities in accordance with this program.
- c) The organizations are required to position the responsible post holders or responsible personnel during the CAA Nepal Audit.
- d) The group will carry out audit based on the reference checklist. However, the group may follow industry recommended practices as well.
- e) The operators are required to extend the co-operations while the CAA Nepal groups are conducting the audit.
- f) CAA Nepal may prepone or postpone the audit based on the unforeseen circumstances.
- g) The auditing team will prepare CAAN Discrepancy Form within 7 working days of the audit.
- h) Organization shall prepare Corrective Action Plan for the findings noted during audit within 1 month after receiving CAAN Discrepancy Form.
- i) The Findings are classified as Level 1 or Level 2 depending upon seriousness. Level 1 discrepancy has to be rectified immediately. Level 2 findings are to be rectified not later than three-month period, unless and until specifically accepted by the CAA Nepal.

### **CIVIL AVIATION AUTHORITY OF NEPAL**

#### **ANNUAL SURVEILLANCE PLAN-2023**

### **Flight Operation Division**

All approved organizations have been scheduled to be inspected by the CAA Nepal on regular basis to assess their performance as per the scope of their approval. The frequency, duration and depth of surveillance depend on the size of the organization and level of its operations. This document is reference document to the public and stakeholders to plan their activities accordingly. CAA Nepal will notify exact date of audit to an organization through a separate letter. The following points are to be considered for surveillance of organizations.

- a) The groups will be formed of inspectors and officers from Flight Operation Division including Dangerous Goods and Cabin Safety for audit.
- b) Based on the availability of the Audit team members, the Audit team member will perform the assigned safety audits. However, the Audit team members may be changed if the group member(s) is not in a position to take up the audit.
- c) Organizations are required to plan their activities in accordance with this program.
- d) The organizations are required to position the responsible post holders or responsible personnel during the CAA Nepal Audit. The group will carry out audit based on the reference checklist. However, the group may follow industry recommended practices as well.
- e) The operators are required to extend the co-operations while the CAA Nepal groups are conducting the audit.
- f) CAA Nepal may postpone or postpone the audit based on the circumstances.
- g) The auditing team will issue discrepancy letter soon after the audit.
- h) Post holders/ Responsible manager / Accountable manager shall return the document with proposed date for the rectification and closure of the discrepancies.
- i) Dangerous Goods Inspections are conducted in coordination with the groups.
- j) Cabin Safety Inspections are conducted in coordination with the groups.
- k) Flight Operation Inspections are conducted in coordination with Airworthiness Inspection Division.

Audit	
1 <sup>st</sup> Follow-up Audit	
2 <sup>nd</sup> Follow-up Audit (If required)	
Designated Check Pilot Inspection
