### Sub: Cabin Safety Surveillance Plan for the year 2024.

Please find herewith the "Cabin Safety Surveillance Plan" of this department for the year 2024. It has included both of the Base Inspection (BI) and Training Inspection (TI) along with In-flight Inspection (II) and Ramp Inspection (RI) for operators where applicable. The month of the Training Inspection (TI) as indicated in this plan is based upon the training program you have submitted to us. Any changes in your training program shall be notified to this department well in advance.

Please be noted that these inspections are in addition to the regulatory audits and other mandatory inspections and may consist of follow-up inspections whenever required. You may refer Appendix 3 of Cabin Crew Training Manual, 2015 (Rev-VII) for necessary details of the inspection requirements and procedures.

Sabitri Rai Shrestha  
Cabin Safety Inspector  
Flight Operation Division
